

## Healthy, Natural and Delicious!

Did you know that the average flower blossom contains only 5 calories per petal, but according to our most recent poll, is considered to be even more filling than a large bowl of cereal! With sweet and fruity tastes that vary with each flower species, flower blossoms are a tasty treat. Many flower eaters report losing up to 300 pounds with the new flower-only diet!

## April Showers bring Delicious and Affordable May Flowers!

Spring is coming! With spring comes tons of delicious FLOWERS! We are now offering 10% off every item we have in stock to celebrate this momentous seasonal bounty! Our flowers are extremely healthy and now they are more affordable than ever!
